

UNO

2 to 7 players

Win : When you get rid of all your cards

First shuffle the cards then deal each player 7 cards. The remaining cards are placed face-down to form the « draw pile ». Turn the first card face-up to form the « discard pile ».

The person sitting to the left of the dealer goes first. Each player has to match the card in the « discard pile » either by number or color.

If the player doesn't have anything to match, he must pick a card from the « draw pile ».

				
Draw two cards (pick up 2cards)	Reverse (change direction)	Skip (It's not your turn)	Wild (Change colour) - I change to...	Wild Draw (Pick up 4 cards and change colour) - I change to...
